Wild Spaces and Unique Places

CELEBRATING THE NATURAL WONDERS OF UTAH

With its sweeping valleys and towering mountains, its inviting summers and glittering snowscapes, its hiking trails and world-renowned ski slopes, Utah's soaring heights are, indeed, where life is elevated.

Come explore the vistas and geologic treasures in *Wild Spaces and Unique Places: Celebrating the Natural Wonders of Utah* through the dramatic and captivating photography of Ryan Jeffery. His images capture Utah's beloved wildness—the wildlife, the national parks, the desert views, and the mountains, all beautifully arrayed in splendor. Quotes from Utah authors such as Terry Tempest Williams, Edward Abbey, and Everett Ruess are spread throughout the scenes. Each page whisks you away to spaces like no other—where open skies kiss the silhouette of the landscape that rises to meet it.

*May your trails be crooked,
winding, lonesome, dangerous,
leading to the most amazing view.*

*May your trails be crooked, winding,

National Parks are the best idea
we ever had. Absolutely American,
absolutely democratic, they reflect us
at our best rather than at our worst.

-WALLACE STEGNER

We need wilderness whether or not we ever set foot in it.

-EDWARD ABBEY
